

EU/UK WALL PANEL BACKBOX

WPBACKBOX-EU-W • WPBACKBOX-EU-B

The Australian Monitor WPBACKBOX-EU is a custom designed flush mount backbox for use with any of our EU/UK wall plates.

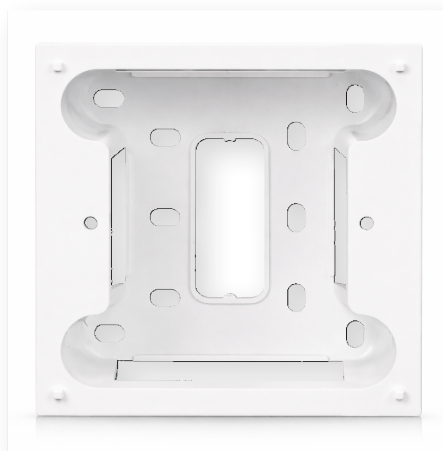

Measuring 55mm deep, the backbox can easily house the wall panels and any necessary cables. Each side contains internal wiring escapes for integration with conduit style installations.

Locking posts on the front fascia mate with the wall panels to ensure a level installation every time.

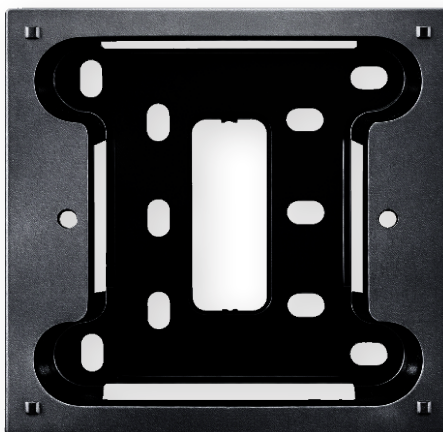

FEATURES

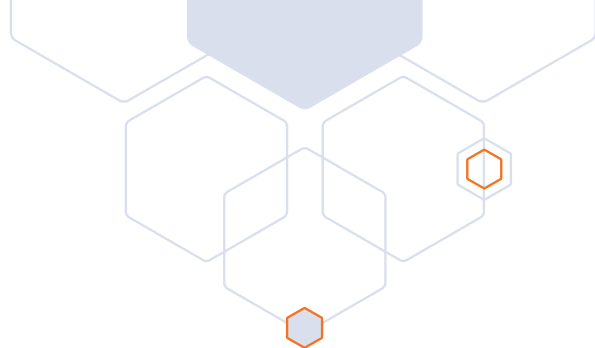

- Locking pins for easy wall panel alignment
- 2mm ABS Plastic
- #6 screws included for wall panel mounting
- Internal cable escape holes
- Available in Black or White
